Learning Opportunity

The Sheltered Instruction Observation Protocol (SIOP) Model is designed to help teachers plan and deliver lessons that allow English as an additional language learners to simultaneously acquire academic knowledge as they develop language proficiency. SIOP is not a program, but rather a framework. Join Bev Smith for this introductory series to the SIOP framework and its 8 components to support EAL students in accessing the curriculum in a comprehensible way.

This will be a 4 part series with each session building upon the previous one. There will be a blend between theory and interaction throughout each session. The topics for each day will be:

Session 1 - The principles of Second Language Acquisition Theory, an overview of SIOP, Lesson Preparation Feature with a focus on writing content and language objectives

Session 2 - Building Background and Comprehensible Input features

Session 3 - Strategies and Interactions features

Session 4 - Practice and Application, Lesson Delivery, Review and Assessment features, as well as a discussion of how to get started

Presenters

Bev Smith

With over 35 years of experience in education, including 25 years in the classroom, Bev Smith has a rich background in teaching and leadership. As the former Literacy and EAL Lead Teacher for the Lethbridge School Division, she specializes in literacy, English as an Additional Language (EAL), and fostering a culture of thinking. Currently, she shares her expertise as a Designer of Professional Learning for APLC - The Consortium at SAPDC, where she continues to champion responsive

teaching and student-centered learning. Passionate about literacy and educational innovation, Bev is dedicated to shaping impactful learning experiences for educators and students alike.

Registration Notes

The recording will be available to participants for 30 days, however, to get the most out of your learning, live attendance is preferred.

Zoom link will be sent out in registration email.
